BLYTH PRIMARY SCHOOL
Small school – unlimited opportunities

ENROLMENTS 2016 AND BEYOND
We invite local community members with preschool and primary school age children who are interested in a tour of our facilities to phone Julia. If you are considering the Blyth Primary School we invite you to register your interest with us to help with future enrolment planning.

PURPOSE: To provide as wide a range of opportunities as possible for members of the community to learn with and from each other.

OUR VISION: Confident, active and informed, successful learners.

WE VALUE: Quality learning, respect, equity, safe and friendly environment.

The school has a strong teaching focus on Literacy, Numeracy and Science as well as The Arts, including music, and all students participate in the popular Wakakirri festival. The Kidsmatter program was formally launched in 2015, which is a mental health and wellbeing framework for primary schools and is proven to make a positive difference to the lives of Australian children. The older students have multiple opportunities for leadership, including as Natural Resources Management (NRM) representatives with in the Young Environmental Leaders (YEL) Program which will run again in 2016.

We have an Out of School Hours Care (OSHC) Service which provides after school care between 3.45pm and 6pm.

As with many small farming town schools, Blyth Primary is an integral part of the local community, with students taking part in a variety of activities. The school's staff and chaplain maintain close links with community groups and other agencies throughout the region, reflecting the school's importance to the local district.
