News from the Principal- Term Two Week Six

Hello Everyone,

What a fantastic action packed whole school camp during week 4 this term. As a result this newsletter highlights the fabulous activities and adventures our students and staff undertook.

Thanks must go formally once more to the staff for all of their hard work, dedication and organisation so that everything ran so smoothly, to the Parent Club (both last year and present members) for the fund-raising to help assist with the final costs of the camp, Andrew, Max, A.J and Amanda as our parent helpers, and of course our excellent Blyth students that were outstanding with their behaviour and energy to enjoy all of the activities. I hope you enjoy reading the highlights.

WHOLE SCHOOL VISION STATEMENT

After considerable discussion with students, staff and Governing Council, I am very pleased to announce our new vision statement for Blyth Primary School, as you may have noticed at the top of our newsletter- **“Growing, Believing Achieving”**.

This change has been as a result of our Community Forum Day last year, where staff and parents were able to discuss their ideas of what was relevant for the students who attend Blyth Primary School.

The concept has originated from the thinking that students come to school **“Growing”** as individuals learning about their beliefs, values and identity. They learn and gain understanding of their environment, socialisation, the world, **“Believing”** that as young people they can, and have opportunities to learn. Our vision is that as young people they are active citizens within their communities **“Achieving”** their wellbeing and academic goals for future success.

On Wednesday this week, Mrs Kate Harvey and I were able to accompany our two School Captains- Will and Sam, and two Sports Captains Sorayah and Macca, to the Snowtown Oval to meet the Governor of South Australia- Mr Hieu Van Le and his wife Mrs Le as a part of their visit to the Mid North. Blyth students asked Mr Le what leadership qualities he thought were important to have in his role, and were interested to hear a brief snippet of his beliefs of what leadership meant to him. We have been invited to attend Government House and will be definitely investigating this as a possibility for the future.

Finally a big thank you to families who have been keeping students home sick with our recent Influenza A, and cold virus so as to not spread the germs. I really appreciate your assistance with this.

Have a great long weekend everyone,

Lynne-Maree Hastings

Pastoral Care Corner Week 6 Term 2

Hello everyone. I had a fabulous time on camp sharing in the fun with students, teachers and parent helpers. We got to see so many wonderful things that Adelaide has to offer. In fact, in the next school holidays I intend on visiting some of these places again with my family to indulge in the experience a little more.

This week R - 4 students have been designing a stepping stone to be place in the Harmony garden. The children will have a go at mosaicing in the next couple of weeks. Photos attached.

The year six girls have been working on wind chimes to be hung in the pepper tree, near the bird cage until the end of term. They look amazing with all their different colours. Please take a moment to enjoy them next time you come in the school grounds.

Wakefield Regional Council are offering a free online food safety training, as per advert on left. www.wakefieldrc.imalert.com.au

Food handling practices expect that there are parents who have done this training in order for our Tuck Day to continue under food health and safety requirements.

When you have finished the training please email or bring a copy of the certificate to the front office.

WAKEFIELD REGIONAL COUNCIL

FREE

Online Food Safety Training

Now available through Wakefield Website.

Wakefield takes food hygiene within our city very seriously. All food businesses have obligations and Wakefield is assisting food businesses to meet these obligations by providing free access to this exciting new training tool.

There is a high demand for training within the food sector. This training will assist food handlers in developing the required skills and knowledge to ensure food is handled in a safe and hygienic manner.

The program is easy to follow, includes an entertaining presentation as well as interactive quizzes and the ability to show Chinese text and captions. A training acknowledgement form can be printed upon completion and be kept as a part of your staff records.

Visit wakefieldrc.imalert.com.au to conduct the training now.
